# Camp Misquuckkey

LAKE JOSEPH, MUSKOKA

Camp Office:
88 Wilcocks St., City.

Toronto.....1920.

Dear Sir:

If you are wondering just where to send your boy for the summer months, might I suggest that you get into touch with us.

The above camp is under the direction of the University Physical Staff and is open to accept a limited number of Collegiate boys.

Special care is taken with boys whose health needs building up, and a special course of remedial work is provided for this purpose, under competent instructors.

The wonderful country around Muskoka Lakes is known to everybody, and the chosen spot for the camp is ideal in every respect.

The camp director can be interviewed by appointment, or if desired our camp representative will call on you.

Yours truly,

Camp Director.

# Foreword

It is the desire of the camp authorities to provide a place where boys may spend the summer months leading a manly outdoor life under the careful guidance of competent authority.

The camp is operated by the physical staff of the University of Toronto, and by admitting only a limited number of boys, parents are assured of a very careful supervision.

# Location

The camp is admirably situated on Lake Joseph, near Gordon Bay, and is in the midst of wild natural surroundings.

A network of small lakes providing excellent fishing grounds, combined with a host of camping grounds, make the camp site an ideal spot.

# Equipment

A cottage, boathouse and icehouse are the only buildings on the camp grounds.

The dining rooms are in the cottage.

The sleeping quarters are in large marquees and bell tents.

Motor Launch, Sailing Boat, Canoes, Rowboats, Sporting Goods, Gymnastic Apparatus and a Piano, are at camp, and are at the disposal of the boys.

# Management

The camp is under the personal supervision of Mr. Blake and Mr. Barton, assisted by a staff of competent leaders.

Every effort is made to make the daily routine full of interest to the boys as well as instructive, at the same time maintaining the careful, discreet discipline necessary for the safety of the boys.

# Swimming

The camp has a splendid bathing beach, the great feature of which is its extreme safety.

Every boy is taught to swim, and those who have good swimming ability are taught Life Saving.

The swimming periods are always under the supervision of an instructor, assisted by leaders.

## Boxing and Wrestling

Any boy who wishes may take up Boxing and Wrestling at camp, for which there is no extra charge.

Mr. Blake conducts these classes personally and gives a complete and scientific course.

## Camping

There are no idle moments in camp. When the boys are not swimming, boxing, wrestling, or engaged in field sports, they are off in the big launch to one of the numerous islands to spend a couple of days fishing and camping. Although this site is just a few hours from Toronto, there are small lakes abounding with fish, and islands covered with berry bushes absolutely unknown to the average Muskoka visitor. It is just off the usual line of travel.

## Music

Music contributes materially to camp life. Campfire sing-songs and evening concerts wind up the day, and boys are advised to bring their favorite piano copies and any musical instruments.

## Medical Attention

The boys are medically examined on going into camp.

There are two physicians within a mile of the camp. Any boys having physical defects are attended to while at camp, and if possible the defects remedied.

A matron lives in the camp and will look after the comforts of the boys.

## Terms

The camp opens on the 3rd of July and closes on the 28th of August.

The rate for the full period is $150, which includes everything except railroad fare, which is about $7 return.

The camp director prefers boys to come for the full period, although if desired a boy may attend one month, at a rate of $80.

## Cuisine

The feeding of the boys is a feature which has had most careful consideration. An expert dietitian is in charge, and parents can rest assured that this department has been well attended to.

## HOW TO GET THERE

Trains leave Union Station by the C.N.R. and reach the camp in about 4½ hours.

The camp is about 15 minutes' run in the Launch from the Station.

Another route is via G.T.R. to Muskoka Wharf, thence by the steamers of the Muskoka Navigation Co. to the camp wharf. Those desiring to see the wonderful Muskoka Lakes and have the benefit of a boat trip, are advised to take the second route.

## WHAT TO BRING

A boy is required to bring his blankets and a pillow.

It is also suggested that the following articles be taken to camp.

Sweater Coat.
Pair of strong boots.
Stockings.
Raincoat.
Old pair of pants.
Pyjamas.
Laundry Bag.
Summer Hat.
Towels.
Bathing Suit.
Soap.
Fishing Rod and Tackle.
Knife.

If you have a Camera, Flashlight, Sporting Goods, and a couple of Books, bring them.

## SENIOR SECTION

The senior branch of the camp is open to university students, and full information can be obtained from Mr. Blake or Mr. Barton.

Can You Swim?

## PARENTS VISITING CAMP

As the camp is under five hours from Toronto, parents wishing to visit their boys will find no difficulty reaching the place, as the station is quite near.

# Camp Misquuckkey

Hart House, U. of T.,

Toronto.....1920.

Dear Sir:

If you are wondering just where to send your boy for the summer months, might I suggest that you get into touch with us.

The above camp is under the direction of the University Physical Staff and is open to accept a limited number of Collegiate boys.

We especially desire to have boys who will eventually come to the University register with us, so that we can become acquainted with them before they reach Varsity. Special care is taken with boys whose health needs building up, and a special course of remedial work is provided for this purpose, under competent instructors.

The wonderful country around Muskoka Lakes is known to everybody, and the chosen spot for the camp is ideal in every respect.

The camp director can be interviewed by appointment at Hart House, University of Toronto, and parents are invited to call by appointment.

Yours truly,

Camp Director.
